Workshop Program - 1 - 2 Nov 2019

November 1st

Day 1

08:30 - 09:00 Registration

09:00 - 09:30 Basics of Ultrasound: Gain, Depth, Probe selection, Scanning techniques, Needle localization

09:30 - 10:30 Upper Extremity Nerve Block

10:30 - 11:30 Practical & Live Training for Needle Advancement

11:30 - 13:00 Prayer and lunch break

13:30 - 14:15 Live Scanning

1) Interscalene 2) Supraclavicular 3) Infraclavicular 4) Axillary 5) Upper Limb Nerves

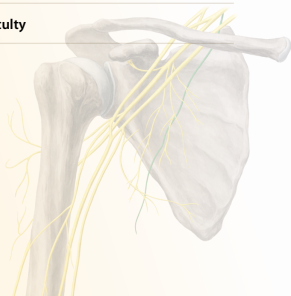

14:15 - 15:00 Truncal Blocks

15:00 - 16:15 Live Scanning

1) PECS I & II 2) Rectus Sheath Block 3) SubCostal & Classical TAP 4) Quadratus Lumborum

16:15 - 16:45 Scanning On Demand With Faculty

16:45 - 17:15 Discussion

Workshop Program - 1 - 2 Nov 2019

November 2nd

Day 2

08:00 - 08:30 Registration

08:30 - 09:30 Levobupivacaine Added Value In Regional Anesthesia

09:30 - 10:30 Lower Extremity Nerve Blocks

10:30 - 10:45 coffee break

10:45 - 12:00 Live Scanning

1) Femoral & Adductor 2) Sciatic High Approach 3) Popliteal Sciatic 4) Fascia Iliaca

12:00 - 13:00 lunch

13:00 - 14:00 Ultrasound Guided Vascular Access

14:00 - 15:30 Live Scanning Session

15:30 - 16:00 Interactive Discussion + Scanning On Demand

16:00 - 16:30 Adjournment
